Education

Dr. D. Y. Patil Institute of Technology, Pimpri, Pune 411018   **Aug. 2023 – May 2027**
B.E. Computer Engineering

JSPM, Sarati   **Aug 2021 – June 2023**
H.S.C. 80%

Gulmohar English Medium School, Malinagar   **Aug 2021**
S.S.C. 91.8%

Experience

Association of Computer Engineering Students (ACES)   **2024 – Present**
Jr. Technical Head   *Pune, Maharashtra*

- Built and maintained club event websites to support sign-ups, documentation, and outreach.
- Conducted technical sessions on web development, Git/GitHub, and tech roadmaps for 250+ students.
- Mentored workshop participants and helped organize a hackathon emphasizing product thinking.
- Improved club visibility and engagement through optimized web presence and active technical support.

Projects

🔗 **LegacyNote** | *MERN Stack, AES-256, Scheduler*   **Apr 2025**

- Built a secure digital time capsule using the MERN stack to preserve notes and memories.
- Implemented AES-256 encryption and a long-term scheduler for timed message delivery.
- Focused on privacy, long-term retention, and clean UX with account-based access.

🔗 **Acunetix 12.0 Website** | *ReactJS, TailwindCSS, Framer Motion, Locomotive Scroll*   **Feb 2025 – Mar 2025**

- Built the flagship Acunetix 12.0 website for the college fest with 3000+ participants.
- Integrated chatbot, animated UI, and ensured full responsiveness.
- Used Google Search Console and PageSpeed Insights (97% Mobile, 100% Desktop).
- Implemented Google Analytics and achieved 2nd rank on Google Search.

🔗 **ACES HackSeries Website** | *HTML, CSS, JavaScript, Bootstrap*   **Jan 2025 – Feb 2025**

- Developed the event website for HackSeries, covering sessions on AI, WebDev, Git, etc.
- Handled registration and data with AppScript and Google Sheets.
- Animated UI with AOS.js and supported 250+ participants.

Technical Skills

Languages: Java, JavaScript, HTML, CSS, C++ ,Python, MongoDB, PostgreSQL

Technologies/Frameworks: Next.js, React.js, Node.js, Express.js, TailwindCSS, Bootstrap

Tools & Libraries: Git, GitHub, Postman, VS Code

Achievements & Certificates

Shortlisted for Code for Good 2025 – JPMorgan Chase & Co.

The Complete Web Development Bootcamp – Angela Yu

MongoDB: Document & Data Modeling – MongoDB

MongoDB: Shell & Database Connection – MongoDB

Generative AI for Everyone – DeepLearning.AI

Python Data Structures – University of Michigan

Crash Course on Python – Google
